

Environmental Management System Policy

Oiles America Corporation will strive to continually improve upon an Environmental Management System that is committed to minimizing the internal and external environmental impacts of our activities, products and services.

Ongoing Improvement

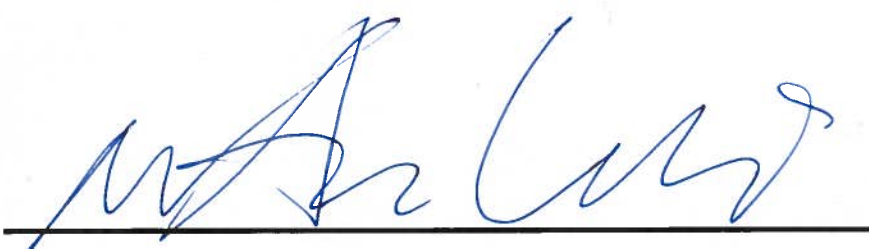

-  Strive to continually improve the EMS.
-  Provide ongoing training and communication.

Act to Protect the Environment And Prevent Pollution

-  Promote activities, products, and services that prevent pollution.
-  Monitor objectives and targets within the organization.

Comply with Legal Requirements

-  Comply with applicable legal and other compliance obligations.
-  Maintain a safe working environment.

Masana Uno, President
